

2016 Annual Report

BUTTERFLY BRIDGE CHILDREN'S ADVOCACY CENTER

FROM OUR EXECUTIVE DIRECTOR

Dear friends,

The statistics are unsettling: 1 in 4 girls and 1 in 6 boys will be sexually abused before the age of 18, and only 1 in 10 will tell someone. Last year, there were 419 alleged victims of abuse in Chilton County. Out of those 419, 140 involved allegations of sexual abuse, severe physical abuse, or witness to crime. Those children were served at Butterfly Bridge CAC and many continue to receive services as we speak.

The enormity of the problem can overwhelm us all. It is easy to feel that the problem is so huge and so pervasive that there is little one person can do.

The truth is that it is **ONE** person who makes all the difference. One person to offer a welcoming hand. One volunteer to dry a child's tear. One person who collects needed supplies. One forensic interviewer who makes a child feel safe enough to tell their tragic story. One donor who writes a check that pays for part of the salary of a counselor, impacting the lives of hundreds of children. One board member providing leadership that strengthens the entire agency.

2016 was a record-setting year at Butterfly Bridge CAC. We were able to add two new staff members thanks to the commitment of our board of directors. This was in response to the demand for more services than we were previously equipped to provide with only two staff members. We were able to reach our goal and also extend services to non-offending parents and caregivers of the children we serve. We provided almost three times as many total services as we did in 2015 due to the additional staff. During 2016, we also lead the charge in working with many local agencies and the Board of Education after the passage of Erin's Law to make sure that our school teachers are well equipped to begin teaching

child sexual abuse prevention curriculum in the schools during this school year. In the coming year, as funding allows, we hope to be able to expand our program and provide more prevention and outreach services in our community.

We are extremely proud of the quality of services that we provide and thankful we can be right here in our community to provide them! Children should not have to travel long distances for these vital services and they should not have to wait for life-changing therapy. Wait for the help they need to heal.

As I look back on the past year, I am filled with pride for all we do and with gratitude for all who make it happen. I also look forward to how we can best prepare to meet the ever-growing needs of our community. With your help, one person at a time, we can continue to give the children we serve the hope, healing, and justice they so desperately deserve.

Jana Zuelzke

2016 In Review

We conducted **150** Forensic Interviews with **140** children and adolescents at the request of our local multi-disciplinary team at the onset of child abuse investigations.

544 therapy sessions were provided to children and adolescents to help them heal from the abuse. **131** Caregiver Support Sessions were also provided.

We coordinated **12** Multi-disciplinary Team Case Review meetings in which **443** cases were reviewed that are currently under investigation or in the criminal justice system.

1806 Advocacy Services were provided which included advocacy at the time of the CAC forensic Interview, extensive follow-up with the families, court preparation, and court accompaniment.

A photograph of two hands, one larger and one smaller, holding each other. The larger hand is wearing a white ribbed sleeve. The background is a soft green gradient.
